MINI GRANTS FOR HIGH SCHOOL STUDENTS IN TRUMBULL

The Trumbull Business/Education Initiative offers teachers, organizations and students grant opportunities for career exploration projects and programs. Funding for activities, projects, programs and events for school-to-career learning experiences will be granted for dollar amounts not to exceed \$1000. For mini-grant applications visit the Trumbull BEI website: www.trumbullbei.com.

Featured Grant: Biotechnology Explorations, Lisa Cellini – St. Joseph's High School

This project gave the students the opportunity to perform polymerase chain reaction and DNA separation using gene chip technology. After the lab the students toured the labs at Cold Spring Harbour further exploring the correlations between the student lab and the working labs. This trip provided students with the opportunity to see the career possibilities for science and math majors.

What are STEM Skills? STEM is the acronym for **S**cience, **T**echnology, **E**ngineering and **M**athematics. A July 2011 report from the U.S. Department of Commerce's Economics and Statistics Administration shows that over the past 10 years, growth in STEM jobs was three times greater than that of non-STEM jobs, and STEM jobs are expected to continue to grow at a faster rate than other jobs in the coming decade. Meanwhile, STEM workers are also less likely to experience joblessness. Further findings show STEM workers command higher wages, earning 26 percent more than their non-STEM counterparts. Link to the report: <http://bit.ly/qUs9QS>. The State of Connecticut maintains an online STEM career resource center at <http://www.ctstemjobs.org/>

Where to find the jobs with requirements listed in this report:

Job openings counted for this report can be found on the corporate web site of the employers listed on page 1. All job openings counted have work location Trumbull, CT. The skills and educations needed for these jobs are listed in the text describing them (job posting).

Note: Some of the job openings may have been closed by employers since they were counted and may not be accessible anymore. Counting and analysis of job openings was conducted by SkillPROOF Inc. (www.skillproof.com).
